# RECYCLING PROJECT

Project Guidelines:

- **Project is due on** _____. (If the project is turned in late, ____ points will be deducted each day after the due date)

- Project must be completed by the student with minimal assistance from parents.

- Students will receive <u>two grades</u> for this project.
  - Reflection – On the due date, students will complete a project reflection in class in which they will identify materials, procedure (steps), purpose of using recycled materials, and use of product.
  - Presentation – Students will present their product to the class and identify what materials they used. They will also explain how this product is useful.

- Below are some ideas to inspire you.

- Be creative and have fun! :)
