Rating Scale

- 1 Beginning Fluency:** Reads without attention to phrasing or punctuation. Frequent repetitions, sound-outs, and multiple attempts at words disrupt the flow of reading.
- 2 Emerging Fluency:** Reads with little or no expression. Repetitions and deviations from text often disrupt the flow of reading.
- 3 Developing Fluency:** Reads with little intonation to mark ends of sentences or clauses. Word groupings are choppy and unrelated to context of sentence.
- 4 Approaching Fluency:** Primarily natural phrasing with some attention to expression. Few repetitions or deviations from text.
- 5 Proficient Fluency:** Reads in large meaningful phrases with only occasional breaks caused by difficulties with specific words.
- 6 Exemplary Fluency:** Rate is 160 or more correct words per minute. Pace is consistently conversational.

Rating Scale

- 1 Beginning Fluency:** Rate is less than 65 correct words per minute. Pace is slow and laborious.
- 2 Emerging Fluency:** Rate is 65 to 90 correct words per minute. Pace is slow.
- 3 Developing Fluency:** Rate is 90 to 125 correct words per minute. Pace is moderately slow.
- 4 Approaching Fluency:** Rate is 125 to 160 correct words per minute. Pace is beginning to be conversational but may sometimes be too slow or fast.
- 5 Proficient Fluency:** Rate is 160 or more correct words per minute. Pace is almost always conversational.
- 6 Exemplary Fluency:** Rate is 160 or more correct words per minute. Pace is consistently conversational.
