## Ensure Up-to-the-Minute Data
Powerschool is a web-based student information system with a centralized database.  When teachers enter grades and attendance information for their class, data is immediately available to the school, district office, parents, and students.

## Increase Parental Involvement
With Powerschool, parents/guardians can access attendance and grades about their children quickly and accurately.  They can see the results of tests and assignments as soon as they are recorded, enabling them to intervene quickly, if necessary.  Parents can check the latest homework assignments and offer their children help with their schoolwork.  Day in and day out, Powerschool helps parents help children achieve their potential.
